

GAURI V

Software Engineer

Bangalore, India | gaurivij24@gmail.com | +91 8105983841 | [LinkedIn](#)

Professional summary

Software Engineer with 2 years of experience developing enterprise web applications at Mercedes-Benz Research & Development India. Experienced in Angular, React.js, Vue.js, TypeScript, JavaScript, REST APIs, micro-frontend architecture, authentication, CI/CD, Kubernetes, and unit testing. Passionate about building scalable, user-centric applications and collaborating with cross-functional teams to deliver secure, high-quality software.

Work experience

Mercedes-Benz Research and Development India (Bangalore)

Oct 2024 - present

Graduate Apprentice

- Built responsive **Angular/TypeScript** interfaces for an enterprise **ECU variant coding** platform.
- Integrated **REST APIs** across frontend and backend services.
- Implemented **SSO authentication** and **Role Based Access Control (RBAC)** for secure access control.
- Supported **Kubernetes** deployments, **GitLab CI/CD pipelines**, and production troubleshooting.
- Wrote unit tests with **Karma** and **Jasmine** to ensure code reliability.
- Contributed across Agile sprints from planning through deployment.

Key Technologies: Angular, TypeScript, REST APIs, Kubernetes, GitLab CI/CD, SSO/RBAC, PostgreSQL, Karma, Jasmine

Mercedes-Benz Research and Development India (Bangalore)

Feb 2024 – Sept 2024

Student Intern

- Developed **responsive UI** components in **Vue.js** and **React.js** for a micro-frontend platform.
- Built test-job tracking and analytics screens for HIL/SIL workflows
- Translated Figma prototypes into production-ready interfaces.
- Contributed to a **micro-frontend architecture** enabling seamless cross-app workflows
- Wrote unit tests with **Jest** and **React Testing Library**.

Key Technologies: React.js, Vue.js, Bootstrap, Micro-Frontends, Jest, REST APIs

Technical skills

1. **Languages:** JavaScript (ES6+), TypeScript, HTML5, CSS3
2. **Frontend:** Angular, React.js, Vue.js, REST API Integration, Bootstrap, Responsive Web Design, Micro Frontends, Webpack Module Federation
3. **DevOps & Deployment:** Kubernetes, Docker, GitLab CI/CD, Git, Application Deployment, Release Management
4. **Cloud, Security & Data:** AWS (Exposure), SSO, Role-Based Access Control (RBAC), PostgreSQL
5. **Testing:** Jest, React Testing Library, Karma, Jasmine, Angular TestBed, Unit & Integration Testing
6. **Professional skills:** Cross-functional collaboration, UX-driven development, Agile workflows, Stakeholder exposure

Projects

NutriMeter (React.js, Bootstrap, Python, FastAPI, PostgreSQL)

- Built a full-stack calorie and nutrition tracking app with React.js/Bootstrap frontend and FastAPI/Python backend, using PostgreSQL for data persistence.
- Designed a dashboard with calorie tracking, meal logging (breakfast/lunch/dinner/snacks), exercise logging, and streak tracking, with image-based food search for quick entry.

BookedUp (React.js, Node.js/Express)

- Built a decentralized book-trading platform enabling users worldwide to buy and sell books through personal profiles, using React.js for the frontend and Node.js/Express for the backend.
- Implemented a book "liking"/wishlist system to help users discover and track books they're interested in purchasing.

Education

The National Institute of Engineering, Mysuru

Bachelor of Engineering - Computer Science and Engineering

2020-2024

Cumulative GPA:9.06/10.00
